## CAPT. I. MACKENZIE BURNED BY BOMB

Strathmore citizens were sadly surprised when the word was spread Friday last that Capt. Ian MacKenzie was in the Belcher Hospital as a result of burns received from an exploding bomb.

Mr. MacKenzie was standing near and received the full force on his hands, burning them badly. Fortunately while the burns are very painful they are not serious and Capt. MacKenzie will have the complete use of his hands as soon as they are healed.

## MEN'S CLUB ENTERTAIN SONS

At their meeting in the Memorial Room of the United Church last Monday evening, the Men's Club of the Church entertained their sons and the members of the Strathmore Boy Scout troop. Following a hearty dinner, Mr. Norman Scheer acting as Chairman, introduced Rev. Art Morgan, secretary for Boys Work in the United Church in Alberta, then called for each guest to introduce himself to the rest of the gathering.

Followed a number of songs led by Rev. Morgan, and by Rev. Hunt, in which all joined with great gusto.

Rev. Morgan then spoke to the gathering, using as a subject a point he had heard in a V. short while before: "It Isn't Your Own Life".

Speaking first of all to the boys present, he told them that they have a great job to do because there are so many people interested in the final result. He then went on to tell the fathers that they should show more interest in the development of boys work in Alberta. According to his experience, said Mr. Morgan, Alberta can produce more leaders from its present crop of boys than can any other province with which he is familiar.

Such development needs money, Mr. Morgan pointed out, and it also needs the assistance of the men in the community, the men in the in between age group, say 25 to 50. Such men were needed in large numbers to help on with the program.

Following this talk, Mr. Hunt showed a number of slides depicting various fields in India. Most of these

For some reason the response of the Red Cross drive is not meeting with the success it deserves.

## ARDENODE DISTRICT FIGHT WARBLE FLY

At a well attended meeting in Serviceberry School on Friday, March 8th it was decided to buy a machine to treat cattle for warble fly.

After a lengthy discussion it was agreed to use the machine in the south west six townships of Serviceberry Municipal District and surrounding areas and a representative was elected for each township. Township 25, Range 26, S. Watson L. Hilt; Twn. 25, R. 26, Tommy Chamberlain; Twn. 26, R. 26, Jens Petersen; Twn. 26, R. 26, P. Harriman; Twn. 26, R. 24 Al Walker; Twn. 25 R 24 W. Joel, operator.

To make the treatment a real success it is hoped that everyone will get touch with their representative, and also contact their neighbors, to make a one hundred per cent coverage, and to make possible treatment consecutively.

The Warble Fly Machine is to be publicly owned and it is hoped that the cost of treatment can be substantially lowered once the machine is paid for.

## DELIGHTFUL MUSICAL EVENING

The Sunday School of the United Church is to be warmly commended for the very excellent musical programme given Tuesday evening to a capacity audience in the United Church.

The Concert was arranged by Mrs. Earl Gillespie and sponsored by the S. S. and Mr. McMurray, who introduced the artists for the evening. Then asked Rev. Hunt to act as Chairman.

Miss Jean Patterson one of the group of "Singing Stars of Tomorrow" had made a very warm impression by her artistic singing when here last year and all were pleased to welcome her back again.

Miss Patterson's tones are pure rich and bird like with her facial expression changing to suit the mood of her song in a very marked manner. Her voice shows the development of the year's training and the volume, when required is amazing in one so young and petite.

Miss Patterson has won a sizable scholarship which she expects to use in further training in London, Eng. when conditions become more normal. Miss Mary Gusella was equally

clever in her artistic violin playing. Her rich tones were a joy to hear and her fingering delightful to watch.

Miss Gusella is very young and gives promise of reaching high places in the musical world.

Responding to insistent encores, Miss Gusella played the familiar 'On Wings of Song' and 'Toselli's Serenade'.

For encore selections Miss Patterson sang two songs composed by Mrs. Gillespie with words by Oscar Wilde. Flight of the Moon and Silhouette. Be Thou With Me by special request, and a final selection, Ann Laurie.

Mrs. Florence Gillespie was the capable and sympathetic accompanist throughout.

Votes of appreciation were expressed by Rev. Hunt and Dr. Giffin and Mr. McMurray.

Following the Concert the artists and a number of friends were guests of Mr. and Mrs. McMurray in the Memorial Room, where an abundance of choice refreshments were served. Mrs. McMurray was assisted by Miss Gladys Hughes and a number of girls.

## In The Legislature

By Geo E. Bell, M. L. A.

The fifth week of the present session of the Legislature saw the completion of the Debate on the Budget. The Budget Debate was shorter than in some sessions and very free from criticism. Most of the Bills to be brought in at the present session are now before the House.

One Bill will incorporate the Alberta Division of the Canadian Newspapers Association. The objects of this organization are to improve the stand-

### CHRISTIAN SCIENCE

The Christian Science churches on Sunday will hear an exposition of the subject, "Matter." The Lesson-Sermon is composed of selections like these: "He sent his word and healed them, and delivered them from their destruction." (Psalms 107:29). "What- ever guides thought spiritually benefits mind and body." (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 149).

ard of weekly newspapers; to promote anything which will improve the welfare of the communities in which the papers circulate and, generally, to add to the cultural development of the Province.

The Power Commission Act is being amended by a new bill which authorizes the Power Commission to acquire shares and securities of a Power Company. The authority of the Commission is increased by the Act so that they will be in a position to see the expansion of rural electrification go forward as fast economically possible.

The cultural development of Alberta will be promoted by a new act which has, as its purpose the extension of Library facilities, physical recreation, music, art, handicrafts and other aspects of cultural life.

An amendment of The solemnization of Marriage Act will make acceptable the Certificate of a Provincial District Nurse in lieu of a Doctor's Certificate to the effect that a specimen of blood for syphilis test has been taken from the applicants for a

## T.B. QUESTIONS

Answered by the Alberta Tuberculosis Association, Calgary.

Q. Would pain in the chest persist if the lung were healed?

A. Yes, this happens quite frequently.

Q. What causes night sweats?

A. True or typical night sweats are an indication of the poisoning of the body. They are fairly common in acute tuberculosis.

### MARRIAGE LICENSE

This is made necessary in cases where applicants live in remote districts.

An amendment to the Noxious Weed Act makes it an offence for a person who has received a notice from a weed inspector forbidding such person to seed potato of land, selling or leasing that land without giving a copy of such notice to the buyer or renter.

There has been a noted improvement in dealing with noxious weeds under the Agricultural Services Boards established a year ago. This amendment will further assist their work.

The morning sessions of the Legislature have been pretty well taken up this week by representations on behalf of Labour before the Agricultural Committee of the Assembly. This is a committee of the entire Assembly. The labour representation is asking for the implementation of legislation for a forty-hour week with the same maximum pay. They request a forty-hour minimum wage. Branches of nearly all organized labour have presented their case, as well as the Manufacturers Association.

Although this Committee has not completed its sittings and will sit again most of next week, I am sure it will be of interest to some of the farm readers to learn the answers given by Mr. Carl Stimpie, President of the Alberta Farmers Union. The following questions were asked in the Committee by the Attorney General, Honourable Lucien Maynard, and Mr. Stimpie answered each question;

1. Q. Have you got parity of farm prices?

A. No.

2. Do you request today that labour should have a Forty-hour week before farmers have parity of prices?

A. Yes.

3. Q. Do you request today 2 weeks holidays with pay for labour before farmers have parity of prices?

A. Yes.

4. Q. Do you request today minimum wage legislation of Sixty cents an hour before farmers have parity of prices?

A. Yes.

5. Q. Do you request today that Labour legislation should be amended before the end of this Session to establish a Forty hour week for farm labour?

A. For skilled farm labour, Yes.

6. Do you request today that labour legislation should be amended before the end of this Session to establish a minimum of Sixty cents an hour for farm labour?

A. For skilled labour, Yes.

7. Q. Would you support today a legal Packing Plant strike in which the Packing Industry workers asked for more pay and shorter hours of work?

A. The qualified answer given was for a Forty-hour week and a minimum of Sixty cents an hour.

8. Q. Is the Alberta Farmers Union prepared to assist farm labour unions with a closed shop?

A. No.

The President of the Alberta Farmers Union, in answer to a later question by an Honorable Member, said that the farmers themselves would be the judges of what constituted "skilled farm labour".

CANADA'S STAKE IN  
BRITISH RECOVERY

"It is to be hoped that parliaments both at Ottawa and London will speedily approve the Canadian loan arrangements announced last week.

"This loan is Canada's biggest single contribution towards the restoration of world trade. It is not charity, but a straight business deal, to help put our largest export customer on her feet. With the credit we are advancing, Great Britain will be able to continue purchases of Canadian foods, metals, lumber and manufactured goods.

"Lending this money," adds The Post, "is a vast undertaking for a nation the size of Canada. Allowing for the difference in population, our contribution to British recovery is equivalent to a loan of \$15 billions from the United States or exactly four times

what Washington is considering. Moreover, this \$14 billion we are lending Britain now is in addition to outright gifts and debt cancellation totalling over \$3 billions during the war."

Financial Post.

Rt. Hon. Vincent Massey, Canadian High Commissioner in London is retiring after a period of ten year's service during one of the most critical and difficult periods in the history of the Mother country.

Mr. Massey has brought credit to himself and to Canada. He merits a release from his arduous duties, but it is not thought he will remain in retirement for any lengthy period.

Three men of the British Parliament are on the way to India to discuss the question of Independence whether within or without the Empire.

This will prove a very tangled question, and no one at present can foresee the outcome.

Whether within or without, the sailing will often be tempestuous before a settled policy will evolve.

## BEHIND PARLIAMENT'S FACADE

A week or two ago Canada's most famous authority on parliamentary procedure and democratic government technique, Dr. Arthur Beauchesne, C.M.C., Clerk of the House of Commons, gave a speech to an Ottawa club. This speech is still having interesting repercussions.

Besides giving a number of amusing anecdotes of personalities and events as he has seen them during his long term as Clerk of the House of Commons, Dr. Beauchesne made a number of suggestions for the modification and improvement of parliamentary procedure.

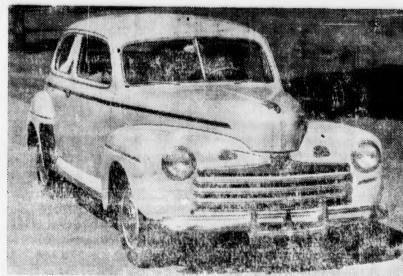

For instance, Dr. Beauchesne pointed out that the curtailment of debate, costing something like \$15,000 per day while the House of Commons was in session, would be useful. He suggested limiting debate to five days on any question, with a maximum of ten minutes to each speaker, while the House was in Committee.

## TOO MANY PARTIES?

But Dr. Beauchesne's sharpest criticism was the multiple-party system of government. He said it led to "political indecision and repeated elections at the expense of the public."

Watching the various public polls, which, during the past several months have indicated a lowering of public interest in their respective parties, it is evident to the leaders of these groups that a large section of the voting public endorses Dr. Beauchesne's statement.

Therefore the next public poll on the political parties of Canada is being awaited with keen interest, and if there is a continued decline of interest by the public in the smaller political groups a whirlwind of propaganda to attempt to revive this flagging interest is expected.

## FIRE DESTROYS DANIA HOTEL

By Mrs. F. K.

Fire of an undetermined origin, probably from an overheated chimney, completely destroyed the Dania Hotel at Standard on Friday afternoon, March 15th.

The hotel, one of the early landmarks in the village, was built in 1912 by John Hansen, brother of the late J. P. Hansen. It was owned by Mr. Jens Andersen, who purchased it several months ago. Mrs. Curry was the present manager. She also operated a coffee shop in the building.

The Frank Kroon residence next door to the hotel was very badly damaged by smoke, fire and water; the roof and one side of the house was completely destroyed.

Only the valiant efforts of the local volunteer firemen prevented much greater damage and the spread of fire to other buildings. The local boys worked like beavers in the smoke and heat and succeeded in removing the most valuable furnishings from the hotel and all of the household effects from the Kroon home. Great credit is due them.

The hotel and Kroon house were fully covered with insurance. The Strathmore Brigade were called but owing to bad roads arrived too late too be of much assistance.

Mr. and Mrs. Kroon are occupying Signe Andersen's home until extensive repairs and alterations are made to their former home.

## THE NEED IS STILL GREAT

The work of the Red Cross is never finished. Aid must still be carried to the victims of war in many stricken countries.

But the present membership campaign in Alberta is aimed at making the Red Cross strong to help ourselves—to give treatment and care and hope to our own crippled children, to aid our veterans where necessary, to bring training in dress and home nursing and safety to our rural communities and to the 42,225 Junior Red Cross members in our schools, and to provide relief and comfort to victims of disaster within our province.

A strong Red Cross is possible only with a strong membership. Lend your support to this great work.

### ROCKYFORD

— By M. K. —

St. Rita's parish lost one of its old-timers in the death of Mr. Michael Heintzmeier, at his home last Saturday following a brief illness.

Mr. Heintzmeier was born in Bavaria, Germany, moved to Earlton Iowa in 1878 and moved to Rockyford in 1920 where he has resided since.

He is survived by his wife Regina, Rockyford; four sons, Mike, Wilfred, and John all of Rockyford, and Alfons Spokane, Wash., seven daughters, Rose, Butilla, Margaret and Alvina, all of Rockyford; Mrs. Mary Besen, Dimple Iowa, Mrs. Elizabeth Echeerman, Buck Grove Iowa; and Mrs. Aurelia Depon, Vancouver; 58 children and seven great-grandchildren.

Requiem High Mass was celebrated in St. Rita's Church on Tuesday. Interment followed in St. Rita's cemetery. Pall bearers were Herman Koester, Melvin Wise, Ned Mercel, Joe Koester (Sr.) Hugo Hendricks, and Pete Stinn.

Mrs. Frank Bond and daughter, Sheryl are spending a few days with Mr. and Mrs. Dahm.

"The Absent-Minded Bridegroom" a three-act comedy is being put on in the Rockyford Hall next Friday and Saturday nights at 8 p.m. sharp, by members of the C. Y. O.

M. Marion, teacher of grades 11 and 12 at St. Rita's school, received word last Tuesday that her father is seriously ill. She went East to be at his bedside. Her pupils are with M. Frances until a substitute can be obtained or until M. Marion returns.

Mr. August Stinn fell on some ice recently and broke his arm.

Mr. and Mrs. J. Crouch are spending several days in Edmonton. They are expected to return next Wednesday.

Mrs. Clara Katterhagen went to Calgary recently to say good-bye to her sister Edith who is returning to her home in the States, after visiting her relations in New Norway.

Hoop skirts are predicted by a fashioner, and if he is right, modern manners may be mollified, as hoops were never made for whoopee.

## ALLOCATE \$17,500 IN BARLEY CONTEST

A \$25,000 National Barley Contest of which \$18,750 will be given winners in the Western Provinces, has been approved by the National Barley and Linseed Flax Committee which met in Winnipeg last month. Prize money for this contest was donated by the Brewing and Malting Industry of Canada.

The contest is being conducted to encourage growing of improved quality seed and malting barley. A serious barley production situation has arisen because of an acute shortage of seed and a steadily deteriorating quality.

The contest will be supervised by a general committee headed by Prof. T. J. Harrison, assistant commissioner on the Board of Grain Commissioners for Canada.

There will be an Eastern and Western division for the contest. The Western division will include Manitoba, Saskatchewan, Alberta and the Peace River block of British Columbia.

In both the Western and Eastern Divisions there will be interprovincial provincial and regional contests. Under allocation of the prize money it will be possible for some farmer to win \$2,000 in addition to the prize of his barley.

In the inter-provincial contest there will be four prizes of \$1,000, \$500, \$300 and \$200 respectively.

In the provincial contests there will be prizes of \$1,000 for each province.

In the regional contests there will be prizes totalling \$4,583 in each province. Regional prize winners, in addition to their cash awards, will receive 10 bushels of registered seed. The contest is limited to four varieties: O. A. C. 21, Monarch (Ottawa), Olli and Montcalm. Entries will be limited to bona fide farmers. This excludes farmers supported by commercial or government organizations.

### NIGHTINGALE

— By Mrs. F. H. —

In spite of storm threats and muddy roads there was a good attendance at the community supper last Friday. Clarence Putnam, Floyd Joel and Harold Sages recently returned from overseas, were guests of honor. Mrs. Don Douran, President of the W. I. welcomed the boys and each one responded expressing his appreciation for their kind reception. After supper Mrs. Walter Mercer and Mrs. Thurston W. conducted community singing while Mr. Bolton set up the projector. A film was shown how trees could be grown on the prairie, and the benefits derived. Mr. Milligan spoke of the use of shelter belts and urged that more evergreens be planted. A picture on life and lumbering in a valley in Northern Quebec was shown. The children thoroughly enjoyed the two comic features. Music was supplied by local talent and dancing was enjoyed to an early hour.

Miss Elsie Larson of Calgary spent the week end at home.

Mrs. Dougan Sr. returned to her home after spending several weeks with her daughter at Delta.

Kathleen Harriman spent the week end at home.

## Jobs Follow Organization

### But Employers and Workers Must Assist

During the war organization of manpower was made possible through co-operation of employers and workers.

This co-operation is no less necessary to assist in organizing the employment market during the present critical period.

Some manpower controls still remain. These are still law. They are aimed at assisting in organizing the employment market.

Remaining controls are designed to help employers and workers—and actually require only minor assistance from the public.

### YOU ARE URGED TO COMPLY WITH THE FOUR CONTROLS WHICH REMAIN:

- 1—Employers MUST notify the National Employment Office of any need for workers, as soon as that need is known.
- 2—Where employers engage workers outside the National Employment Service they MUST notify the nearest NES Office within three days, that an employee has been engaged. (Form NSS 312 is provided for this purpose.)
- 3—Unemployed workers seeking employment MUST register with the National Employment Office if unemployed for seven consecutive days.
- 4—Generally speaking, any employer or employee MUST give seven days' notice to the other party of any intention to terminate employment. (Form NSS 120 is still required.) Exceptions may be learned from the nearest NES Office.

The partners to industry—employers and employees—should help the National Employment Service to promote a high level of employment by complying with these simple rules.

Only with public support can an employment service give full assistance to the community.

Make full use of the Local Office of the National Employment Service. It is there to serve your needs, and those of the entire Community.

## MUSKOX WASN'T THE FIRST

After a straight run of 99 miles along the barren, uncharted coastline of the Northwest Territories, the 44 officers and men of Exeter's Muskox reached a trading post isolated in the northland wilderness. Muskox then is not the first human element to reach this unexplored region of our land. Men of the expedition found an Anglican Mission, a Roman Catholic Mission, an R. C. M. P. post, a school and a handful of homes belonging to both Eskimos and whites in this snow-covered wilderness of prolonged daylight and darkness.

A revelation such as this, brought before the public by such a famed venture as Muskox, reveals the hardy enterprising men and women who have gone out—unheralded and unused—to the far corners of the earth to do their part in bringing help to some of the less fortunate members of the human race. It is to further the enterprising work of such men and women as these that the Anglican Advance Appeal for the Rededication and Thank-offering has already been launched on its campaign to raise a sum of \$4,200,000.

For many years missionaries have gone out from their comfortable homes in the cities and towns across Canada to combat unspeakable hardships in the frozen north, in Honan in China in Kaigara at the foot of the Himalayas, bringing the benefit of their religious, academic and medical knowledge within the grasp of the people of these lands. It is to cope with an ever-increasing program of help for the Indians here in Canada, for the Eskimos in our Northland, the Chinese, the Japanese, and for the many races of India that the Appeal is dedicating a sizeable portion of its goal.

Every part of the campaign to raise the required sum has been carefully worked out beforehand. To put any nation-wide scheme into operation costs money, and no expense has been spared in reaching Anglicans across Canada through various media—a filmstrip visually depicting the accomplishments and the need for expansion of the services of the Church, printed matter, the pulpit, and a personal tour across the Dominion by Dean Waterman who has visited every diocese in Canada, the Yukon and the Northwest Territories.

The need is great, at no time in the history of man has it been greater. The response must be equally great.

## KENNY BAKER

C. F. A. C.

Tenor soloist in a church in his home town of Monrovia, Calif., where he was born in 1912, was Kenny Baker's first singing job. He has since won success on stage, screen and radio. His first broadcasting was with the Cardinal Quartet for California Christian College, at 7:00 a.m. for five days a week with no salary but two meals a day furnished, from 1933 to 1935. Kenny sang about 150 songs on twenty programs a week for the sum of twenty dollars, he considered it good training for his career, and the small salary was enough to pay for additional voice lessons, then came breaks on "Hollywood Hotel" and "Shell Oil" programs over the air, and an engagement at the Coconut Grove, which paid him \$100.00 per week, movie work, too.

Kenny never lets anything interfere with his daily music practice; 9:00 to 12:00 every morning, usually with an accompanist.
